

## Interim Draft

This is a live document in that it is being regularly updated and will be completed for submission to the Secretary of State for Examination.

# Draft Equalities Impact Assessment 2018 V.1.0

Brentwood Draft Local Plan Policies (2018)

Last Update: October 2018

### Summary

This document contains the Equality Impact Assessment (EqIA) tables for Brentwood Borough's development management policies contained within the Draft Local Plan 2018 (Regulation 19 consultation version). This is an iterative process in that it feeds into the development of the planning policies in the Draft Local Plan and this is then reflected in updated versions of the Equality Impact Assessment. This process is ongoing as to when the Draft Local Plan is submitted to the Secretary of State for their consideration.

The purpose of the EqIA is to ensure that equality is placed at the centre of policy development and review and identifies the likely impact of this Plan on the existing and future communities. The EqIA can anticipate and recommend ways to avoid any discriminatory or negative consequences for a particular group.

The duty to carry out an EqIA of new policy is set out in the Equality Act 2010. The Act protects people from discrimination on the basis of certain characteristics, which are known as protected characteristics. The protected characteristics are:

- Age;
- Disability;
- Ethnicity/Race;
- Gender/Sex;
- Gender reassignment;
- Marriage and Civil Partnership;
- Pregnancy and maternity;
- Religion or beliefs and;

- Sexual orientation.

The Duty requires public bodies to have due regard for the need to eliminate discrimination, advance equality of opportunity, and foster good relations between different people when carrying out their activities and Brentwood Borough has considered the commentary in the EqIA assessment tables for the 2016 Draft Local Plan produced in 2017 in the drafting of policies for the 2018 Draft Local Plan.

## 1. Introduction

### 1.1 EqIA and the Local Plan

Once adopted, the Local Plan will replace the adopted Replacement Local Plan (2005) and sets out the spatial strategy for future growth and development for the period 2016-2033. The Local Plan is expected to be adopted in 2019.

The Local Plan will integrate with other policies and strategies of Brentwood Borough Council and other organisations. The Local Plan aims to address priorities set out in the Council's Corporate Plan - 'A Vision for Brentwood', under the themes: Environment and Housing Management; Community and Health; Economic Development; Planning & Licensing; and Transformation. The Local Plan will be one of the ways in which the aims and objectives of the Corporate Plan are achieved.

Supporting the delivery of this vision are a series of strategic objectives and spatial development principles outlining how growth and change is to be managed across the borough through the Plan period. The Spatial Strategy described in the Local Plan (Chapter 3) provides the framework for managing change and shaping how the area develops in future.

Principally, the spatial strategy sets out the level and location of development and growth and the key areas of change up to 2033, highlights the borough's built and natural assets to be safeguarded and enhanced.

The Local Plan is subject to Sustainability Appraisal/Strategic Environmental Assessment and Habitats Regulation Assessment to assess its environmental, social and economic performance at each stage of plan making. It has also been informed and shaped by a number of public and stakeholder consultations. This and all future consultations are carried out in accordance with the Council's SCI.

The Council's Authority Monitoring Report will continue to measure progress with preparing and implementing the Local Plan, with reports will also be presented, when appropriate, to Council Committees.

The Local Plan seeks to promote social inclusion and ensure that all people (including vulnerable groups) have access to the services and opportunities that they may need such as housing, employment, public transport and community facilities (e.g. education, health and local shopping). This will work towards meeting the public sector equality duty as the needs of these individuals are being incorporated into the Local Plan.

## 2. What is an Equalities Impact Assessment (EqIA)?

This document is the Equality Impact Assessment (EqIA) for the Brentwood Borough Draft Local Plan Regulation 19 consultation version of the Local Plan. The purpose of the EqIA is to ensure that equality is placed at the centre of policy development and review and identifies the likely impact of this Plan on the borough's community. The EqIA can anticipate and recommend ways to avoid any discriminatory or negative consequences for a particular group.

The duty to carry out an EqIA of new policy is set out in the Equality Act 2010. The Act protects people from discrimination on the basis of certain characteristics, which are known as protected characteristics. The protected characteristics are:

- Age
- Disability
- Ethnicity/Race
- Gender/Sex
- Gender reassignment
- Marriage and Civil Partnership
- Pregnancy and maternity
- Religion or beliefs and;
- Sexual orientation

The duty requires public bodies to have due regard for the need to eliminate discrimination, advance equality of opportunity, and foster good relations between different people when carrying out their activities.

The EqIA has been prepared following an iterative process. This involved identifying the likely impacts arising from each draft policy and then considering these impacts as positive, negative or neutral in light of the thrust of the relevant policy. This was set against known facts, information and evidence gathered from the Council's robust evidence base which underpins the Local Plan and which relates specifically to the protected characteristics listed in the Equality Act 2010. Recommendations on ways by which the negative impacts could be removed or mitigated and the positive impacts strengthened were then sought. The draft policies affected are then reconsidered and re-examined again in the same iterative process until they emerge with no known negative impacts and became more acceptable.
